Emergency Preparedness and Ham Radio EXPO

Disasters happen anytime, anywhere and you may not have much time to respond. Proper emergency planning can save your belongings, your property or even your life. Join us on June 28, 2008, when local experts, county and state officials and amateur radio operators will help you get ready for the hurricane season. They will cover all aspects of your life, from vital emergency communications to personal/family preparedness to government response in an emergency. Prepare you and your family now so you can help others later.

When: June 28, 2008 9:00 a.m.—5:00 p.m.

Where: Olden Days Celebration
Main St. and Veterans Memorial Park
Smithfield, VA

Contact person: Lyle Hornbaker—757-357-7851
